

Collection Management Initiative
COMMENT CARD

The Collection Management Initiative is a grant-funded UC-wide research project to study researcher experiences when relying primarily on the electronic version of a journal. The goal is to develop strategies for future management of library collections in both digital and print formats.

For further information, visit our web site at <http://www.ucop.edu/cmi>.

We would appreciate your comments:

Would you be willing to participate in the study by filling out a survey form or being part of an interview? Yes No

Name (*optional*): _____

Department (*optional*): _____

Campus address (*optional*): _____
